Thank you so much for your purchase! I hope you find this product as useful as I do. I developed this product to provide my students with gradual release test prep practice on a variety of concepts. Each page is used as a short, 15 minute mini lesson. The pages are divided up into three parts: Teacher Models, Class Practices, and on My own. This gives the lesson the gradual release format without taking a lot of time! If you have any questions about these pages, please just ask! Thank you!
