The collage displays various components of the game. At the top is a die with four faces labeled: ENTERTAIN, PUT ONE BACK, INFORM, and PERSUADE. Below the die are five overlapping story cards labeled STORY 1 through STORY 5. The most prominent card is 'STORY 1', which contains seven numbered paragraphs of text. To the right of the story cards is a 'READING CENTER Directions' sheet, which includes a pin icon and detailed instructions for how to play the game, such as 'Object of the game: Build a complete story first!' and 'First, players take time to cut out each strip for each story and lay out all the stories in order.
